

Seahorse Tutorial by Donna

19) Use you razor to cut a fan pattern into the fins.

20) Like so.

21) Add eyes.

22) Punty to top of his fin.

23) Heat the tail, stretch and curve at the same time for shape.

24) Heat belly and using razor cut belly lines.

25) Attach punty to tail and remove punty on head. Make a loop on either side if you want a pendant.

26) Like so.

27) Holding him with your tweezers remove punty from tail. Flash him in the flame and pop him in the kiln.
